10000mAh 18W Power Delivery Power Bank

CHIC™ 10000PD

Selling Point

Power Delivery fast charge input and output

- Built in Power Delivery chip set, support 18W input and output via the Type-C port, capable of charging a Nintendo Switch, Mac Book and other Type-C charging laptops. Also can charge iPhone 8 from 0%~50% in 30 minutes at highest speed.

Intelligent Design

- Built-in 1 USB output port, 1 Micro input port, 1 lightning input port, and 1 Type C input& out port. It can charge 2 devices simultaneously under common charger(Type C to Type C cable and Lightning to Type C cable are not included). LED light would turn green while fast charging with type C port .

Safety Protection

- Durable aluminum alloy outer casing sports a premium look while offering extremely durable protection from drops and falls. Effectively prevents your devices from overcharge, over-current and short circuits .

Suitable for a Wide Range of Occasions

- 10000mAh capacity is very portable, making it great for a wide range of applications,
